

# Caregivers of seniors living at home

Have you been caring for a senior living at home  
(including an independent living residence) during  
the COVID-19 pandemic, in New Brunswick, in  
Quebec, in Ontario or in Manitoba?

If so, we need your help !

We invite you to participate in a research project entitled:  
**Impact of the COVID-19 pandemic on family and  
friend caregivers of seniors living at home and on  
the caregiver-care receiver relationship**

Realized by:

Funded by:

Université de  
**Saint-Boniface**

✓ You will answer an online questionnaire (Survey Monkey) or by phone, on two occasions, **at a time and place that is convenient for you.** Response time is approximately 30 to 45 minutes.

✓ Questions will be asked about your caregiving role and the type of caregiving tasks you perform, your well-being or distress, and your experience during the pandemic.

✓ Confidentiality of your responses will be ensured; you can click below to read the consent form which provides more information on this subject.

**✓ Your participation in this research is important for improving support for caregivers!**

✓ To thank you for your time, you will have the option to participate in a draw of 3 gift cards of a 50\$ value.

✓ To read the consent form and to complete the questionnaire, please click here:

<https://www.surveymonkey.ca/r/>

[caregivers\\_COV1](https://www.surveymonkey.ca/r/caregivers_COV1)

✓ If you have any questions or wish to answer the questionnaire by telephone, you may communicate with Josée Benoît:
